

Medical Device & Pharmaceutical Labels

High Quality. Affordable Solutions.

GBS offers comprehensive solutions for all your labeling needs. Whether you need product labels, lot labels, shipping labels, or instructional labels, we can provide them to you cost effectively while meeting your quality and industry standards.

APPLICATION CONSULTANTS

With more than 25 years of experience creating labels for medical devices and pharmaceuticals, we understand the labeling needs of the healthcare industry. Here's what you can expect from GBS.

- Material lots traceable for seven years.
- Segregated inspection areas
- Work instructions tailored to customer requirements
- RFID and barcode security
- Specialty varnishes and inks
- Thermal transfer solutions for variable imaging
- Several manufacturing locations to meet redundancy requirements

In addition, our design department accepts files in virtually any format. Put our experience to work for lower costs, higher quality, and more efficient label production with cost savings.

VALUE SOLUTIONS

GBS' online customer portal offers you the ability to manage your labels on a multitude of levels. It first provides version control by only making available the most recent revision. It also provides a thumbnail view to verify that the correct label is being ordered. Other features include soft proofing, real time inventory reporting and release traceability. Our technology can be integrated with most enterprise systems. GBS is certified to ISO 9001:2000, with design. Additionally, we are in compliance with current FDA/GMP standards. GBS looks forward to being a single source provider for all of your label requirements, and is highly responsive to your changing needs.

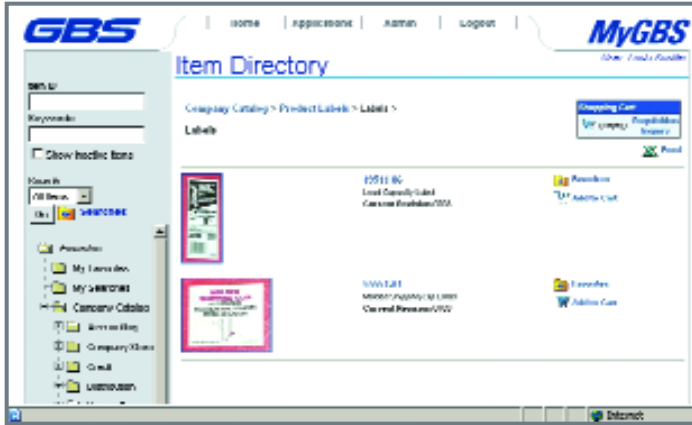

GBS TAKES QUALITY SERIOUSLY WITH AN AVERAGE QUALITY RATING OF 99.8%. WE HAVE ALSO EARNED SUPPLIER OF CHOICE STATUS WITH A MAJOR NATIONAL MEDICAL DEVICE COMPANY FOR MANY YEARS.
