

WE HAVE A SOLUTION FOR THAT.

Courts Run Smoothly With GBS *CourtTRAC* Municipal Court Case Management System

GBS' *CourtTRAC* Municipal Court Case Management System Provides A Feature Rich Solution at an Economical Price

There's "order in the court" with *CourtTRAC*. Court personnel, probation officers and jury commissioners find GBS' *CourtTRAC* Court Case Management System to be very accommodating.

CourtTRAC Case Management System is a Windows based solution that is the most technologically advanced system in the market today. This sophisticated system is based on a Relational Database giving it the ability to more powerfully protect and secure delicate information.

Equipped to handle more information and operate with faster overall performance, its court solution also saves employees considerable amounts of time by eliminating redundant data entry. Special features such as integrated MS Office products, jacket management, customized reporting, and integrated document imaging (*FileBound*) allow for time to be spent more wisely by employees.

Using the *CourtTRAC* Court Case Management System, court personnel can easily track and share information regarding important case facts, scheduling, cost bills, finance, dockets, and probation.

GBS Corp is headquartered in North Canton, Ohio. GBS has been providing technology, labeling, filing, and document management solutions since 1971. GBS provides products and services that help our customers create, manage, retrieve, and deliver information to achieve greater profitability, faster growth, and tangible results for their customers.
