

WE HAVE A SOLUTION FOR THAT.

## GBS RECEIVES CLASS 1 CERTIFIED STATUS AWARD FROM GRACO CHILDREN'S PRODUCTS

GBS has been given a Class 1 Certified Status Award from Graco Children's Products, a Newell Rubbermaid Division.

"We are very pleased to receive this prestigious rating from our partners at Graco/Newell Rubbermaid," said Linda Kindler, Manager, Marketing Communications. "This recognition is given for demonstrated performance in quality, service level, responsiveness, and productivity. A Class 1 status award with Newell Rubbermaid signifies that GBS is their strategic partner."

This new supplier status gives GBS the opportunity to partner with Newell Rubbermaid in delivering quality products and services, not only to Newell Rubbermaid, but to its customers as well. To receive Class 1 status, a company must rate between 16 and 20 points on a Newell Scorecard, Kindler added, noting that GBS received a rating of 19 points.

She added that the new classification means that Newell Rubbermaid will channel future opportunities to GBS as a preferred supplier and strategic partner.

GBS Corp is headquartered in North Canton, Ohio. GBS has been providing technology, labeling, filing, and document management solutions since 1971. GBS provides products and services that help our customers create, manage, retrieve, and deliver information to achieve greater profitability, faster growth, and tangible results for their customers. Additional GBS sites are located in Florida, Michigan, and Texas.
